The Pensacola policemen got a new club for a Christmas gift.

Emancipation Day was celebrated in Tampa by the colored folks.

The lettuce crop at Palmetto is growing very plentiful, as well as abundant.

The Fernandina Terminal Co., with a capital of \$35,000, will apply for a charter within a few days.

Miss Florence Barnett of Osala was crowned Queen of the Carnival in that city, having received seven votes from her admirers.

The wind storm of Sunday did considerable damage to the shipping at Pensacola. Several lighters and barges went upon the beach.

The people of Miami have started the year with an effort to secure deep water navigation. Nothing like getting on the water wagon for the New Year.

The numerous shell mounds about Daytona are being used to best advantage to build good roads, and no part of the country has better thoroughfares.

Jesse Mele, a supposed agitator who has been in Key West, has been driven out of the city. He claims to hail from Cincinnati and to be out for his health.

Apalachicola was visited by a disastrous fire on New Year's day, a number of stores being burned, involving a loss of upwards of \$75,000, with only a partial insurance.

The Odd Fellows of Pensacola have purchased a new building for a lodge room and will have very convenient quarters when the improvements contemplated are completed.

The Tampa militia company has been complimented by a United States army officer, and the boys now resemble the Irishman's apple tree. "So straight they lean the other way a bit."

A new sanatorium has been opened at Ybor City. The only difference between a sanatorium and a sanitorium is an "o" in the place of the second "a" in the name, unless the rates might vary.

The case of J. N. Weeks, tax collector of Suwannee county, vs. Adams Bros. for taxes on mortgages in Suwannee, has been awarded the county on default of the defendants, and it is now up to the Board of County Commissioners to collect same.

R. C. Harris, postmaster at Hastings, met with a painful accident Monday. He was driving a pair of horses and leading another with a rope from the rear. The pair started suddenly and the rope tightened, severing the first joint of one of Mr. Harris' fingers on the left hand.

A negro named George Campbell was waylaid and shot near the Coast Line freight depot at Live Oak about 9 o'clock Sunday night, supposedly by his brother-in-law, Wm. Ball. Several shots struck him in the arm and shoulder, inflicting painful but not serious wounds. Ball escaped, although the officers shot at him several times.

The academic building of the State Normal School, colored, was totally destroyed by fire Sunday night. The building and equipments were valued at \$5,000. The school is situated south of Tallahassee, beyond the water limit, and no help could be given by the fire department. The origin of the fire is unknown. The building was insured. The colored normal is one of the schools provided for by the Buckman bill.

#### A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated the tragedy is averted. F. G. Huntley of Indianapolis, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50¢ and \$1.00 by all druggists. Trial bottles free.

## Thousands Have Kidney Trouble and Never Suspect It.

### How To Find Out.

It is a common saying now that the water and what it contains do more harm than good. This is true in the case of kidney trouble. The kidneys are the organs of excretion, and when they are not working properly, the body becomes weak and ill. The kidneys are located in the upper part of the abdomen, just below the diaphragm. They are two bean-shaped organs, each about the size of a fist. They filter the blood and remove waste products from it. When the kidneys are not working properly, the body becomes weak and ill.
